

Geology 02/10 Mad River Slough – Alternative Assignment

Name: _____ **Date:** _____

Watch the 4/10/2016 Science on Tap video. There is an embedded version on the science.earthjay.com website for this Mad River field trip lab. One may also download the video as an mp4 file to view while offline.

Write a 2-3 page paper, times new roman font size 12, double spaced. Remember to use good topic sentences. The paper will describe the three major topics from the talk. Please write about how the scientific method is applied for each of these three topics.

This paper will be submitted electronically to your instructor and is due 4/20/16 by midnight.
