

## **GEOL 460 Lab 11: Earthquake Patterns**

### **Part I. Video**

Watch the ~60 minute long video of Thorne Lay talking about recent evidence of global earthquake recurrence.

### **Part II. Essay**

Submit a two page essay describing the three main messages that you found interesting. Perhaps these are messages that were new concepts to you. Submit your essay to the link provided on the class website.

### **Part III. Group Review**

Read two other essays, written by your class mates. Write a few paragraphs describing their essay. Compare and contrast your essay with theirs. Did they find similar aspects interesting?
